Los tres tenores is Teatro Lírico Andaluz's most international show, and has been performed on multiple occasions in the Baltic Republics, Germany, Italy and Dubai, and in the best theatres of Andalusia and Spain. The show is an entertaining recital of international classical hits and more difficult opera arias harmonised by the company's members. The staging is bold and dynamic, appropriate for an outstanding national company that has put on more than one thousand performances with a repertoire of more than forty zarzuelas and operas.
