ENCARNI NAVARRO ¡Málaga, ya es Navidad!

[It's Christmas in Malaga!!]

1.30 h (w/out intermission)

This time Encarni Navarro brings us a show that is very different from her famous *zambombá*. On this occasion she will share the stage with colleagues and friends in a tribute to her beginnings in the world of Spanish Christmas carols or *villancicos*, a show about which we will learn more in coming months. All of Encarni Navarro's shows are always a surprise!

Christmas in Malaga is synonymous to Encarni Navarro and her *zambombá*, with which she has filled the theatre for more than seven years. Her openness, spontaneity and her capacity to make the audience participate has converted her in a prophet in her own land and in the Queen of Christmas.
