The Malaga flamenco singer Alejandro Estrada will once again bring together an ample group of artists from Malaga and Jerez, together with other special guests, for a magical, unforgettable evening full of art. The most popular flamenco Christmas carols, some new compositions, guitars, choruses, measures... a great deal of art in the representation of a real Jerez-style *zambomba*. Since it premiered in 2007, Alejandro Estrada's Zambomba Flamenca has been presented with great success at different venues in Malaga, Cordoba and Granada, with tickets of the three performances of the last two editions at the Teatro Echegaray sold out.
