An amusing and didactical show for girls and boys. A marvellous journey through the history of art with its greatest masters, such as Picasso, Van Gogh, Velázquez, Miguel Ángel, Da Vinci...and some great women painters too, such as Tamara de Lempika, Sofonisba Anguissola, Frida Kahlo...

Universal art is the perfect excuse to stimulate communication, creativity, perception, sensitivity and expression, all of it with a smile!

And on your way out you can have your picture taken with the paintings!
