**FETEN 2019 Award for the Best Masculine Performance.**

**Show recommended by the artistic commission of the Spanish Network of Public Theatres, Auditoriums, Circuits and Festivals.**

An imaginary voyage in search of stories that are not yet in books.

In the forest with wheel trees, near paper mountains, in a house without a roof, walls or doors, through the window that sees everything, you will find parachutist bumblebees, fireflies in the stars, letters playing...

A multidisciplinary show that invites you to imagine and that uses our sense of humour as a channel for communication.
