A tribute for the senses and to Gloria Fuertes, the children's poet, with this special kitchen where poems are fried, verses are invented, words are painted, we laugh with tomatoes, cry with onions, sing with steak in record time...

Do you know Garabato the cat? And Dorothea, who lives upstairs? Who is the elephant boy?

Little stories that move giants. Stories like the ones we used to tell. Come spend a little time at the 'Cocina de las palabras' and you'll be flabbergasted. Come cook fried verses.
