Every night, a little mouse called Fito asks his grandfather to tell him stories about Ratoncito Perez, his favourite superhero. Fito does not like school very much because Nelson picks on him and takes his sandwich away every day. One day Fito meets an ideal companion, Loreto the bird, who tells him a secret: his grandfather is the real Ratoncito Perez! That night a little boy discovers the grandfather taking his tooth and leaving a coin in its place. Fito and Loreto will have to save him.
