1.00 h (w/out intermission) Drama

Best Original Play at the 2018 Ateneo de Teatro Awards

Three soldiers advance, little by little, following the planned road map to the Great Cruise there were promised. Before reaching their destination, the detachment will halt under the light of a luminous antenna in the middle of the desert that allows them to see in the distance the reality that awaits. They have to decide whether to continue or to maintain their position. To go to sea or to wait, to turn the antenna off or conserve the little light they have left.
