A show of vertiginous comical and theatrical improvisation in which Rafa Villena and Dani Rovira face all kinds of challenges without a script, with Clara Lago as arbitrator, who does not do much to help. You propose the titles and decide whether the challenges are overcome or not. Come with your supportive laughter to ...3, 2, 1 Improv!!

Fundación Ochotumbao is a non-profit initiative founded with the objective of supporting projects geared at improving the life of the most disadvantaged persons, conservation of the environment and the defence of animals. Ochotumbao will raise funds for the benefit of 11 associations in Malaga.
