HITS (the name is not misleading) contains the best of the best of Tricycle, or almost, because we have had to forego some sketches which someone will surely miss. One hundred minutes of gags in which perhaps not some are missing.
HITS—acronym for Humor Inteligente Trepidante y Sorprendente (in English Intelligent Frenetic and Surprising Humour)—brings together twelve minimally condensed sketches and an ample summary, at the end of the show, of very short gags that leave the spectator on the verge of a respiratory failure. Nearly all of them just like the day there were premiered, since they have not been at all affected by the passage of time.
